

Android Workshop by Technospecies Global Solution

Organized by the Department of Computer Applications

A four day workshop on Android was conducted during 11, 12, 13 and 14th of January by the Department of Computer Applications. Resource person Mr.Gautam arranged by Techno species, has excellent experience in conducting technical trainings across India under IIT Delhi , IIT Bombay and many private Universities. Students from both BCA and MCA from different colleges participated in the workshop .Students were given hands on experience in developing Android Applications. On the concluding day a contest was conducted for the development of an Android Application for a specific requirement .Winner were announced later and certificates were issued. They are eligible to participate in the second level of the contest with students from all over India, which will be conducted at IIT Bombay. Students from MCA Department, Anson Davis and Ansoumane Camara secured 1st and 5th position respectively
