

## **REPORT ON THREE DAYS GUEST LECTURE BY MR BEN P GEORGE**

In view of improving the skills of students on industrial knowledge Department of Commerce and Management, Krupanidhi Degree college organized a three days guest lecture on Industrial and Water Plant topic for B.Com and BBA students which was held on 10-08-2015-12-08-2015.

Mr Ben P George, Manager at Envisage Company was invited as the resource person for this program. He is an Industrial Expert with over 15 years of experience in manufacturing sector.

The guest lecture started with an invocation song by the students of final year B.Com and Mrs Meenakshi, HOD, Department of Commerce welcomed the gathering. Mr Naveen, Assistant Professor, Department of Commerce and Management introduced the Guest Speaker to the audience.

Mr Ben started the session by throwing the light on basic issues of Industrial water plant. Further he highlighted the importance, challenges and opportunities of industrial water plant across the globe.

The speaker informed the audience over the course of three days about how Industrial water treatment systems meet a variety of purification and separation needs. They can range from relatively compact and straightforward to complex, multiunit processes that serve a variety of applications. If you're new to water treatment, you might be asking "What is an industrial water treatment system and how does it work?"

Since industrial water treatment is a complex family of technologies and systems, this article will focus on giving a high-level overview of the technologies that are typically used and summarize how they work, helping you to better understand the best possible solutions for your facility.

The 3 days guest lecture was very interactive, informative and knowledgeable for the students. The students asked many questions to the resource person which were all very sensibly answered.

Finally the program was concluded on 12-08-2015 by a valedictory speech by Dr. Maruthi, Principal, Krupanidhi Degree College. We wholeheartedly thank the management, guest Speaker and the students for making the program a grand success.
