

## DEPARTMENT OF BCA

### TECHNICAL SEMINAR - IoT

A technical seminar on Internet of Things (IoT) was organized on 15<sup>th</sup> July 2017 at the Conference hall, Krupanidhi Degree College for BCA students. 106 students of BCA department attended the seminar. Prof. P. M Shyjan, Principal of Krupanidhi Degree College, inaugurated the programme at 11.30 AM. The technical seminar was facilitated by Asst. Professor Vinay. M, Christ University,

The session started with the introduction of IoT, applications of IOT and technical concepts related to IOT. The resource person highlighted on the application areas, implementation and the relevance of it in today's context.

The technical seminar really helped the students to gather the knowledge that **Internet of Things (IoT)** is the inter-networking of physical devices, vehicles (also referred to as "connected devices" and "smart devices"), buildings, and other items embedded with electronics, software, sensors, actuators, and network connectivity which enable these objects to collect and exchange data.
